

MINERS STRIKE ENDS TODAY

All Essentials for Settlement Understood to Have Been Approved. Troops Will Be Withdrawn.

Cleveland, O., Aug. 14.—The soft coal strike was virtually broken to night, but prospects were that the actual signing of an agreement between the United Mine Workers and operators, controlling an annual output of 60,000,000 tons, would be delayed until tomorrow. The signing of the contract will actually end the strike in part. All details of the agreement were accepted in principle by both miners and operators, and the actual draft of the contract was left to a sub-committee, which continued work into the night.

The actual signing of the contract President John L. Lewis of the miners said, is expected to follow a meeting tomorrow of the union's policy committee. As a result of the progress made tonight by operators and miners Governor Harry L. Davis of Ohio announced he would call off the meeting of governors of five coal producing states that was to have been held here to consider the strike situation. He also announced he would withdraw Ohio militiamen who were sent into the coal fields recently.

No exact estimate of the number of miners who will be put back to work under the settlement was obtainable, but varied between 60,000 and 75,000 men. Altogether there are 450,000 soft coal miners on strike, union officials said. It is expected by them that the other operators will accept the settlement effected here, but meanwhile the strike will continue in their mines.

The hearing scheduled for today between the commission and Frisco officials was called off.

OFFICERS HUNT MEN WHO

BLEW UP FRISCO BRIDGE

Springfield, Mo., August 14.—The dynamite explosion which wrecked the west end of the St. Louis, San Francisco Railroad bridge over the Sac River, just west of Ash Grove, near here, last night, temporarily stopping all traffic on the main Frisco line between Kansas City and Springfield, was being investigated today by Deputy United States Marshals and railroad officials. A wrecking crew was at work repairing the bridge today and the bridge was expected to be sufficiently repaired to make traffic possible this afternoon.

No trace has been found of those doing the dynamiting as far as could be learned from Deputy United States Marshals here today. Frisco officials here refused to give out any details on the dynamiting. A freight train had just passed over the bridge a few minutes before the blast destroyed it. The bridge is almost a quarter of a mile long. Trains were detoured today by way of Monett.

WEEKLY MARKET REVIEW

Jefferson City, Mo.—The following market review for the week of August 7 to 14 is written for The Times by the Missouri State Marketing Bureau of the Board of Agriculture.

Kansas City—Cattle: Receipts for the week: 60,300, the largest since November, against 46,746 the previous week and 56,000, a year ago. Despite liberal rains and good clearance due to country demand the market declined. The top beef steers week ago was \$10.45. Others 25-50c lower. Better grades she stock steady to 25c lower. Others 50c lower. Canners 25c lower. Calves steady to 50c lower. Other classes steady to 25c lower.

Kansas City—Hogs: In the first two days of the week prices broke 75c to \$1.00. Since then about 25c of the loss was regained. The early decline took prices under the \$9.50 level and into the lowest position of the past several months. Market was firm Saturday with top \$9.50 and bulk of sales \$9.00-\$9.45. Pigs, \$10.25.

Kansas City—Sheep: Receipts developed under normal, but declines develop. Lambs declined 50c and sheep 25c. On the close good lambs were quoted at \$11.75-\$12.25; fair to good \$10.25-\$11.50; cull, \$6.00-\$7.50. Light weight fat ewes, \$5.75-\$6.75, and grass wethers \$6.85-\$7.00.

Good and choice steers 25c lower. Medium grades and grassers 50-65c. Cows 50-75c and canners 25-50c, while light veal calves remain steady. Choice to prime steers established year's top at \$10.40. Good grades \$9.00-\$10.10. Light yearlings hard to sell. Top, \$10.00. Choice beef cows closed at \$6.25. Good and choice vealers at \$10.50.

St. Louis—Hogs: Liberal supply of receipts and good clearance. The week opened with a slow market and the top at \$10.45 and closed about \$1.00 lower the latter part of the week. The last two days showed some gain. Top, \$10.10.

St. Louis—Sheep: Compared with week ago market is steady. Fat lambs 50-75c lower. Top lambs late in week \$11.75. Moderate supply for week.

Grain: There has been a small decline in the Kansas and St. Louis grain markets the past week. The lack of shipping facilities is attributed to the decline.

Felix Foudray, graduate of Drury College and well known Springfield soloist, has been engaged to teach voice in the Nevada High school next winter. Mr. Foudray will have charge of the High school singing, orchestra and glee club at the Nevada institution and will assume his duties September 1. During this summer, Mr. Foudray has been serving as a guide at Marvel cave, Stone county, and as a result hundreds of tourists visiting the cave have been given an opportunity to hear Mr. Foudray's voice under the best of conditions. The main auditorium of Marvel cave is unsurpassed in the matter of acoustics and its sound conducting qualities have attracted the attention of experts who have pronounced it far superior in this quality to the Mormon tabernacle in Salt Lake City. In this vast underground auditorium, Mr. Foudray has been giving daily concerts and hundreds of travelers from all sections of the United States have been profuse in the praise of both the artist and the acoustics of the cave. Mr. Foudray is the first professional singer to be engaged by W. H. Lynch, owner of Marvel cave, to demonstrate the acoustic values of the auditorium. Mr. Foudray says that its altogether probable that he will return next summer to Marvel cave and again serve as guide and concert singer.

ATTENDANCE LARGE

AT BAPTIST HILL

Mount Vernon, Mo., Aug. 12.—Music has a habit of flourishing where you least expect it. Such is the case today with the top of one of the high Ozark foothills. They call it "Baptist Hill," although its occupation today is by no means confined to Baptists.

The hymns have been sung by groups from Round Grove and Stotts City and Mount Vernon. There hasn't even been any program. As the groups arrive they take seats (if there are any seats) in Memorial Temple with the crowd and wait to be called on. Usually they sing two or three numbers before they sit down, to be followed by another "class," a duet or a children's chorus.

Almost the only routine feature of the usual church service that has been incorporated into the Southwest Missouri Song Convention is the collection. It took about five minutes, and then the music was resumed. There has been no sermon, although there are two thousand or more church people here. There have been only two prayers. There was even a humorous "benediction" yesterday sung by a male quartette from Round Grove, which declared: "When you carve that chicken I'll be there."

Then the crowd scattered for dinner. Many drove down the hill, around its foot to where the Big Spring flows from under a ledge of solid rock, 70 feet thick. The spring is a stream 20 feet across and the water is so cold the soda water and watermelon merchant doesn't need ice. He makes a little dam of rocks and piles his melons and "pop" in the water.

If the visitor has come expecting a back woods gathering, women in sun-bonnets and men in hickory shirts, he is disappointed.

All arrangements for the convention were made through I. J. Holmes its president. Mr. Holmes also has had charge of the platform all day, and he has managed to interest intensely a crowd that filled the temple and stood two and three deep around its elevated sides. The building is so arranged that its clap-board sides swing up, forming awnings that protect from sun as well as rain.

The most inspiring thing about the convention, and the memory that will be most prized by those who have attended, is the congregational singing. At least a thousand join every time a hymn is "given out," and the result is a volume of tone that can be heard more than a quarter of a mile away.

OBITUARY

Miss Pauline Vermillion was born June 3, 1908 at Hutchinson, Kansas. She was 14 years, 2 months and 8 days old at the time of her death. She made her home with her grandparents, Mr. and Mrs. W. W. Spain on Marshall Hill. She was converted and joined the Baptist church in December 1921 and lived a sweet Christian life. Throughout her long illness she was very patient and never complained of her condition. All that loving hands could do was done to relieve her suffering, but all human efforts failed. He that knoweth all things knew best and when the end came she passed away peacefully at 9:25 p. m. Friday August 11, 1922.

Funeral services were conducted by Rev. C. M. Smith at the First Baptist church, Sunday afternoon, August 13. Interment was made in the I. O. O. F. cemetery.

The pall-bearers and flower girls were school mates of the deceased. Pall-bearers: Nora Thomas, Anna Myers, Ardis Stewart, Ada Standphil, Cora Fink and Josephine Rill. Flower girls were: Irene Richardson, Hazel Thomas, Ethel Stribling, and Mabel Myers.

Rest dear one, sweetly rest, Folded hands upon thy breast, Sleep now holds your eyelids down, You a peaceful rest has found. How we watched that we might keep

Our dear one from Death's deep sleep, But our efforts were all in vain, God saw fit—her spirit to claim. And when death angel called her name,

Was not surprised to hear But answered promptly to the call, Without a doubt of fear, And drifted out from loving hands Upon the raging sea—that separates between this and a vast eternity.

Then look above the cold, dark grave, For dear Pauline is not there, But in the home the Savior said he would himself prepare And sweeter songs fall from her lips;

And her inspired tongue—Than those sung in years gone by When she was strong and young.

Mrs. Ida B. Adams, Misses Lois Wright, Florence Hobbs, of Monett, and Mildred Mathis, of Aurora, Messrs. Lee Adams, S. Davis, and A. P. Sappington, of Springfield, returned home Sunday evening from a two weeks outing at Long Beach near Byanson.

HOPE YET FOR RAIL PEACE

Reopening of Direct Negotiations May Be Attempted Today. Executives Asked to Appoint Another Committee.

Washington, Aug. 14.—Reopening the direct negotiations between the railroad executives and the brotherhood chiefs to settle the shopmen's strike probably will be attempted tomorrow.

Efforts will be made to have the executives appoint a new committee, made up of moderates and less dominated by the so-called "die hard" element, to represent them at the proposed parley.

In other words, the railroad labor leaders are about to borrow the tactics of John L. Lewis, president of the united mine workers, which bids fair now to end the coal strike. They will undertake to bring all the railroads to terms by dealing directly with the faction which appears to be more willing to negotiate peace.

This plan was revealed tonight following another long conference at the White House between President Harding, Secretary Davis and the heads of the brotherhoods now on strike. Whether or not the executives, or that part of the executives' organization more peaceably inclined, will enter into it, remains to be seen.

The striking shopmen were hopeful enough of success to again withhold publication of their formal rejection of President Harding's latest peace offer, submitted last week.

Furthermore, it was stated President Harding would await the outcome of this latest move and would postpone, for a few days at least, submitting to congress a program for taking over the roads.

MORE THAN FORTY CARS

OF GRAPES FROM NEOSHO

More than forty cars of grapes already have been shipped by the Neosho Grape Growers' Association. Carlot shipments alone had totaled that number by noon Sunday and it is estimated that local shipments and marketing by growers to points within the district have been ten cars or more.

The Moore's Early grapes still are being picked but the crop is nearing an end. Growers are receiving from 18 cents to 20 cents per basket on yesterday's market. Concordis soon will be on the market and shipments from Neosho will continue until they are exhausted.

A few members of the association have grapes for later marketing that are scientifically classified as "wine" grapes, but since the days of Volstead and the word "wine" have become obsolete, they are known and marketed as "juice" grapes. There will be marketed next month.
